Energizer® Power

Performance & Innovation

The **Energizer®** brand is synonymous with world's first innovation and emerging technologies. We're leading and shaping the power and portable lighting categories with a powerful portfolio of groundbreaking products and consumer-led innovation.

Energizer®
ULTIMATE
LITHIUM®

- #1 Longest Lasting Battery (AA)
- Performs in extreme temperatures
-40°F to 140°F
- Holds power up to 20 years in storage (AA/AAA)
- Leak-proof, based on standard usage

Best for: Everyday and high-drain electronics

Energizer®
MAX™

- Our #1 Longest Lasting MAX™ (AA/AAA)
- Protects devices from leakage of fully-used batteries up to 2 years (AA/AAA)
- Holds power up to 10 years in storage (AA/AAA/C/D)

Best for: Everyday devices

Energizer®
INDUSTRIAL

- Long-lasting power for all of your devices
- Holds power for up to 10 years in storage (AA/AAA/C/D)
- In-device leakage protection for up to two years after fully used (AA/AAA)

Best for: Everyday devices

Energizer®
RECHARGE
POWER PLUS

- World's 1st rechargeable battery made with recycled batteries (4% recycled batteries)
- Can be charged up to 500 times

Best for: Everyday devices

EVEREADY®

EVEREADY® Super Heavy Duty

Carbon Zinc Batteries

Best for: Low-drain devices

Energizer®

Specialty Batteries

Energizer® offers a full range of long-lasting miniature batteries.

Energizer Vision

Powerful & Portable

On the job, you can rely on **Energizer®** for professional-grade ruggedness, dependability and craftsmanship – offered in a wide variety of innovative lighting devices.

Energizer®

Headlamps

Hands down, **Energizer®** has the most useful range of lightweight and versatile lighting products designed especially for those tasks that require two hands.

Energizer®
Hard Case
PROFESSIONAL

The Toughest Flashlights You'll Ever Need

Serious work demands serious lighting. On-site or in the field, our **Energizer® Hard Case® Professional** flashlights feature rugged dependability combined with innovative LED technology.

Energizer®

Metal Lights

Commercial-grade aluminum alloy isn't the only thing that makes these lights special – the combination of natural daylight color and a powerful wide beam creates a high-performance metal light that's "our most advanced flashlight ever."

Energizer®
INTRINSICALLY
SAFE

Intrinsically Safe

Energizer® work and safety lights are designed and built with the rugged features hard-working professionals need and appreciate on the job. The built-in safety elements and MSHA Approved, ATEX Certified, and UL Listed **Energizer® Intrinsically Safe®** lights help to lower risk to workers in potentially hazardous situations.

EVEREADY®

Flashlights

EVEREADY® flashlights produce bright white LED light for a variety of tasks. From industrial to all-purpose and metal, their quality, performance and economy make these lights perfect for everyday use.

Energizer®

Everyday Flashlights

Bright, reliable light when and where you need it most.

Energizer® Headlamps

Comfortable and secure, **Energizer®** headlamps are ideally suited for virtually any indoor or outdoor task that requires hands-free lighting – with adjustable lighting modes, multiple color LEDs and the ability to direct light where it's needed.

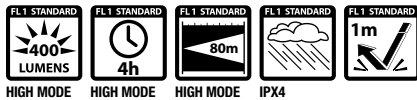

Energizer® Vision Ultra Rechargeable Headlamp

- Rechargeable (USB Cable Included)
- Red and Green LED mode allows users to preserve night vision
- Energizer® Smart Dimming to control light intensity
- VisionGuard protects vision by gradually increasing light intensity
- Fully charge in 4 hours*

ENHDFRLP

ENHDFRLPH (4CT TRAY)

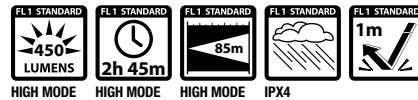

*light must be turned off while charging

Energizer® Vision Ultra Headlamp

- Advanced dimming feature to control light intensity in multiple modes:
 - Spot + Flood
 - Spot
 - Flood
- Red LED for night vision
- Green LED for inspection
- VisionGuard protects vision by gradually increasing light intensity
- Low battery indicator
- IPX4 water resistant and shatterproof lens construction
- Up to 15x brighter than standard LED technology
- Includes 3AAA **Energizer MAX®** batteries

HDE32E

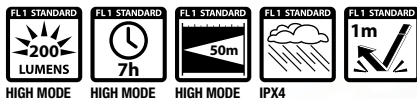

Energizer® Vision Headlamp

- Two light modes to control brightness and runtime
- Powerful headlamp beam; up to 4X brighter than standard LED technology
- Pivots to direct headlamp light where you need it
- Includes 3AAA **Energizer MAX®** batteries

HDA32E

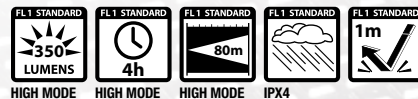

Energizer® Vision HD+ Headlamp

- Advanced dimming feature to control light intensity in multiple modes:
 - Spot + Flood
 - Spot
 - Flood
- Red LED for night vision
- IPX4 water resistant and shatterproof lens construction
- Up to 4X brighter than standard LED technology
- Includes 3AAA **Energizer MAX®** batteries

HDC32E

Energizer® Performance | Mobility | Vision

Energizer® Industrial Vision HD Headlamp

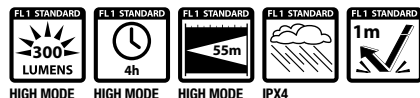

- Four headlamp light modes:
 - White spot light
 - White flood light
 - Spot and flood together
- Advanced dimming feature to control light intensity in Spot + Flood Mode
- Next Push Off to avoid unnecessary switch cycles
- IPX4 water resistant and shatterproof lens construction
- Up to 4x brighter than standard LED technology
- Includes 3AAA **Energizer** MAX® batteries

HDB32E

HDBIN32EB – Industrial Version

- Silicone beading on strap for added grip

Energizer® Industrial Vision HD+ Focus Headlamp

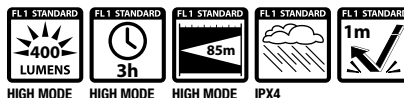

- Digital light focus and memory recall in multiple modes:
 - White spot light
 - White flood light
- Red LED for night vision
- Digital light focus and memory recall
- Powerful headlamp beam; up to 4X brighter than standard LED technology
- Water resistant and drop tested to stand up to harsh conditions
- Includes 3AAA **Energizer** MAX® batteries

HDD32E

HDDIN32EB – Industrial Version

- Silicone beaded strap for added grip

Energizer® Hard Case® Professional

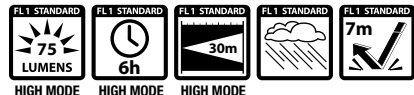

No matter what a job demands in portable lighting, **Energizer®** Hard Case® Professional flashlights can meet the challenge with their rugged dependability and innovative LED technology.

Energizer® Hard Case® Professional Multi-Use Light

- Versatile, hands-free, compact flashlight
- 10X brighter than standard LED technology
- Integrated magnet to attach firmly to metal surfaces
- Pivoting metal clip for belt, bag or shirt
- Exceptionally durable and water resistant
- Compact flashlight includes 1AA

Energizer MAX® battery

HCMU11E

Energizer® PivotPlus Light

- Consumer-inspired design – ideal for Pro and DIY users
- Designed to last 20 years based on typical consumer usage patterns
- Optics deliver a wide, intense beam
- Head pivots 175° to aim light where it's needed
- Versatile design features a magnetic base and compact body
- Tool-quality construction and advanced LED technology
- Exceptionally durable and water resistant
- Survives drops up to 7 meters and features a shatterproof lens
- Pivoting head flashlight includes 2AA

Energizer MAX® batteries

HCSW21E

Energizer® Hard Case® ProjectPlus Light

- Perfect for both professional and DIY users
- Designed to last 20 years based on typical consumer usage patterns
- Tool-quality construction and advanced LED technology
- Exceptionally durable and water resistant
- Features shatterproof lens; survives drops up to 7 meters
- Professional flashlight includes 4AA **Energizer MAX®** batteries

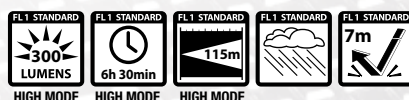

HCHH41E

Energizer® Hard Case® Professional 2AA LED Task Light

- LED bulb provides bright white light for tough jobs
- High and Low modes for brightness & runtime control
- Rugged ABS, steel and rubber construction
- Durable light survives drops up to 7 meters and features a shatterproof lens
- Large push-button switch for easy operation, even with gloves
- Compact light is easy to carry and store
- Includes 2AA **Energizer MAX®** batteries

TUF2AAPE

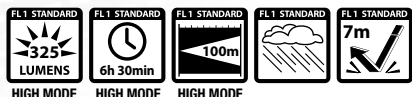

Energizer® Hard Case® Professional

Energizer® Hard Case® LED Headlamp

- Versatile LED headlamp light offers 2 modes to accomplish many tasks:
 - Spot + Flood High
 - Spot + Flood Low
- Pivoting head directs hands-free light where you need it
- Rear-mounted battery pack for comfortable weight distribution
- Non-slip strap stays in place on hard hats or head
- Headlamp fits most industrial helmets
- Ideal as hard hat lights for your construction projects
- Shatterproof lens
- Includes 3AA **Energizer MAX®** batteries

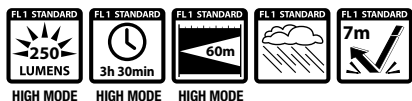

TUFHD31PE

Energizer® DIY LED Magnet Headlamp

- Tool-quality construction features advanced LED technology
- Easily detaches to mount magnetically to provide light wherever it's needed
- Choose between high and low light output
- Outstanding durability and water resistance
- Non-slip strap stays in place on hard hats, or your head
- Removable top strap for additional comfort & security
- Includes 3AAA **Energizer MAX®** batteries

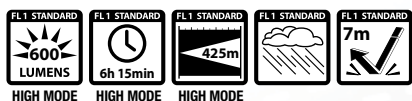

HCHDM32E

Energizer® Hard Case® Professional 6AA LED Spotlight

- LED bulbs produces a tight white spotlight with an intense focused beam
- High & low modes for brightness & runtime control
- Ideal for long-distance applications and searching
- Rugged ABS, steel and rubber construction stands up to a wide range of outdoor activities
- Durable light survives drops up to 7 meters and features a shatterproof lens
- Includes 6AA **Energizer MAX®** batteries

HCSP61E

Energizer® Hard Case® Professional 4AA LED Worklight

- Tool-quality construction and advanced LED technology
- Lights up work area uniformly and without cords
- Multiple magnet positions to work hands-free in a variety of work spaces
- Two optimized LED modes for better runtime and beam distance
- Exceptionally durable and water resistant
- Includes 4AA **Energizer MAX®** batteries

HCAL41E

*Light output measured from LED. Value is only applicable to the LED. Actual device light output may vary.
**Endpoint determined at 1% of initial value.

Energizer Intrinsically Safe® Lights

Energizer Intrinsically Safe® lights are designed and built with the rugged features hard-working professionals need and appreciate on the job. Built-in safety elements of **Energizer** Intrinsically Safe® lights eliminate risk to workers in potentially hazardous situations.

Energizer Intrinsically Safe® LED Headlamp

- Class I Groups A, B, C, & D, Class II Groups E, F, & G, and Class III rated
- MSHA certified for methane-air mixtures
- Flip-Up diffuser provides options of spot or area lighting
- Shatterproof lens
- Pivoting light to aim where you need it
- Rear mount battery pack distributes weight evenly
- Removable top head strap
- EN60529 IP64 ingress protection
- 4 modes – High and Low White beam, Red for night vision and Green for inspection work
- Features LED technology
- Operates on 3AA batteries

ENISHD32E

Energizer Intrinsically Safe® 2AA LED Handheld

- Class I Groups A, B, C, & D, Class II Groups E, F, & G, and Class III rated
- Built for safe use in environments with water, gas and dust (IP67)
- Global certifications for industrial use
- Features LED technology
- Shatterproof Lens
- Ribbed casing for secure grip
- Operates on 2AA batteries (Not included)

ENISHH21E

Energizer Intrinsically Safe® 2D LED Handheld

- Class I Groups A, B, C, & D, Class II Groups E, F, & G, and Class III rated
- Built for safe use in environments with water, gas and dust (IP67)
- Global certifications for industrial use
- Shatterproof Lens
- Ribbed casing for secure grip
- Features LED technology
- Operates on 2D batteries (Not included)

ENISHH25E

Energizer® Vision Metal Lights

Bright. Versatile. Indispensable. **Energizer®** brings bold, innovative flashlight technology to virtually any situation, indoors or out. For simple household use or serious storm preparation, the standard flashlight has come a long way.

Energizer® Vision HD Metal Light 6AA

- Ultimate light control with patented Digital Focus technology
- One-press Digital Focus effortlessly transitions from full spot light to full flood light
- MAXVIZ™ technology enables high-definition vision
- Engineered with the latest LEDs for powerful light output, impressive runtime and natural daylight color
- Up to 4X brighter than standard LED technology
- Advanced alloy construction is ideal for outdoor, work or home use
- Includes 6AA **Energizer MAX®** batteries

EPMZH61E

Energizer® Vision HD Metal Light 2AA

- One-press Digital Focus moves smoothly between full spot light and full flood light
- MAXVIZ™ technology enables high-definition vision
- Engineered with the latest LEDs for powerful light output, impressive runtime and natural daylight color
- Commercial-grade aluminum alloy gives you confidence for any task
- Metal flashlight includes 2AA **Energizer MAX®** batteries

EPMZH21E

Energizer® Vision HD Metal Light 3AAA

- Designed with consumer preferences in mind, including LED color aligned with natural daylight
- Smooth digital switching allows 3 modes: high, power-saver, emergency strobe
- Commercial-grade aluminum alloy provides confidence for any task
- Metal LED flashlight includes 3AAA **Energizer MAX®** batteries

EPMHH32E

Energizer® Personal LED Penlight

- Compact pen light provides bright white light and is handy to use almost anywhere
- Stainless steel case minimizes damage from dropping or wear & tear
- Push-button tail switch for one-handed operation
- Steel clip holds securely to pocket, tool bag or briefcase
- Stainless steel flashlight includes 2AAA **Energizer MAX®** batteries

PLED23AEH

Energizer® Tactical Metal Flashlights

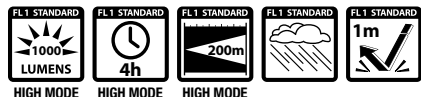

Energizer® Performance Metal Tactical Lights deliver high performance in a durable and reliable construction. The rear push button, emergency strobe mode, and durable aircraft grade aluminum were designed to make them a great choice in a variety of situations.

Energizer® Vision HD Focus Rechargeable

- Patented One Press Digital Focusing allows users to broaden or narrow the beam between spot and flood light
- Rechargeable USB Port In
- USB Port Out: Charges Devices
- 20 Year Design To Last based on typical consumer usage patterns
- Durable Aircraft Grade Aluminum
- Fully Charge in 8 hours*

ENPMHRL7

*light must be turned off while charging

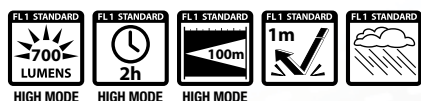

Energizer® TAC 700

- Durable Aircraft Grade Aluminum construction
- Rear push button to easily change modes
- Compact size and lightweight
- Strike Bezel Head
- MAXVIZ™ Technology to deliver a wide, powerful beam and high-definition vision
- Operates on 2 CR123 batteries (Includes 2 CR123 Energizer® lithium batteries)

PMHT2L

PMHT2LH (4CT TRAY)

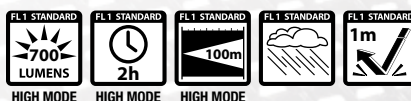

Energizer® TAC-R 700 Rechargeable

- Rechargeable (USB Port)
- Durable aircraft grade aluminum
- Rear push button to easily change modes while holding the light
- Removable Clip
- Strike Bezel Head
- MAXVIZ™ Technology to deliver a wide, powerful beam and high-definition vision
- Emergency Strobe: ~17 Hz frequency

ENPMTRL8

ENPMTRL8H (4CT TRAY)

Everyday Flashlights

Bright, reliable light when and where you need it most.

Energizer® Weatheready® Rechargeable Light

- Easy to find when needed – light turns on automatically when power goes out
- Retractable prongs for a comfortable grip
- Reliable emergency flashlight
- LED bulbs and NiMH battery never need to be replaced (Based on estimated daily consumer usage patterns)

RCL1FN2WR

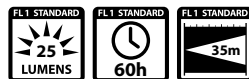

EVEREADY® General Purpose LED Flashlight and Tray

- Easy-to-operate push-button switch
- Ribbed design for secure grip
- Assorted colors – Red and Blue
- Includes 1D EVEREADY® Super Heavy Duty battery

EVEL15HS – 4/case

EVEL15SH – 12 in display-ready tray

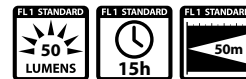

EVEREADY® Magnet Light 2AA

- Magnet holds light to metal surfaces
- Easy-to-operate push-button switch
- Built-in lanyard loop
- Includes 2AA EVEREADY® Super Heavy Duty batteries

EVMAG21S

Based on results with carbon zinc batteries.

EVEREADY® Industrial Economy 2D LED Flashlights

- Built-in hanging ring
- 1251L operates on two D batteries (not included); EVINL21S is packed with 2D EVEREADY® Super Heavy Duty batteries

1251L – Bulk

EVINL25S – Retail Packaging

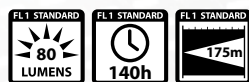

EVEREADY® Readyflex™ Floating Lanterns

- Bright and dependable; a great choice for everyday needs
- READYFLEX™ Technology; runs on two or four D batteries
- Long-lasting LED technology shines up to 5x brighter than standard LED technology
- Powerful beam and extraordinary runtime up to 140 hours (4D Carbon Zinc batteries) or 400 hours (4D Alkaline batteries)
- Ergonomic, non-slip grip
- Includes 2D EVEREADY® Super Heavy Duty batteries

EVGPLN451 – 4/case

EVGPLN45SH-12 – 8 count in display-ready tray

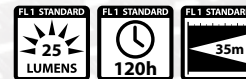

Based on results with 4D carbon zinc batteries.

EVEREADY® Industrial General-Purpose LED Flashlight 2D

- LED bulb produces bright white light for a variety of tasks on the job site
- Long runtime
- Ribbed design creates a secure non-slip grip
- Convenient push-button switch for any user to quickly turn the light on and off
- Individually labeled for sale in 12-count case
- Operates on two D batteries (not included)
